Counters: Bedrock Marble, Granite & Design

Special Features: Natural mastercut rustic stone
surrounding range, extra large island with crème
of Bordeaux granite, rustic slate backsplash

CLASSIC
\$75,000 and under

In this French country-style kitchen, the natural stone that houses the range reflects the warm colors of the cherry wood cabinets and connects the interior and exterior of the home. The large granite and cherry wood island provides lots of room for prepping and entertaining. The ivory honed travertine floor complements the flow of colors throughout the first floor.
